

The background features stylized illustrations of trees and bushes. On the left, a tall tree with a dark red trunk and a green, oval-shaped canopy filled with small dark green leaves. To its right, a smaller tree with a similar canopy is partially visible. At the bottom, there are several rounded bushes in shades of green, some with small white dots. The overall style is minimalist and modern.

Warwickshire Fungus Group

Notable Species 2023

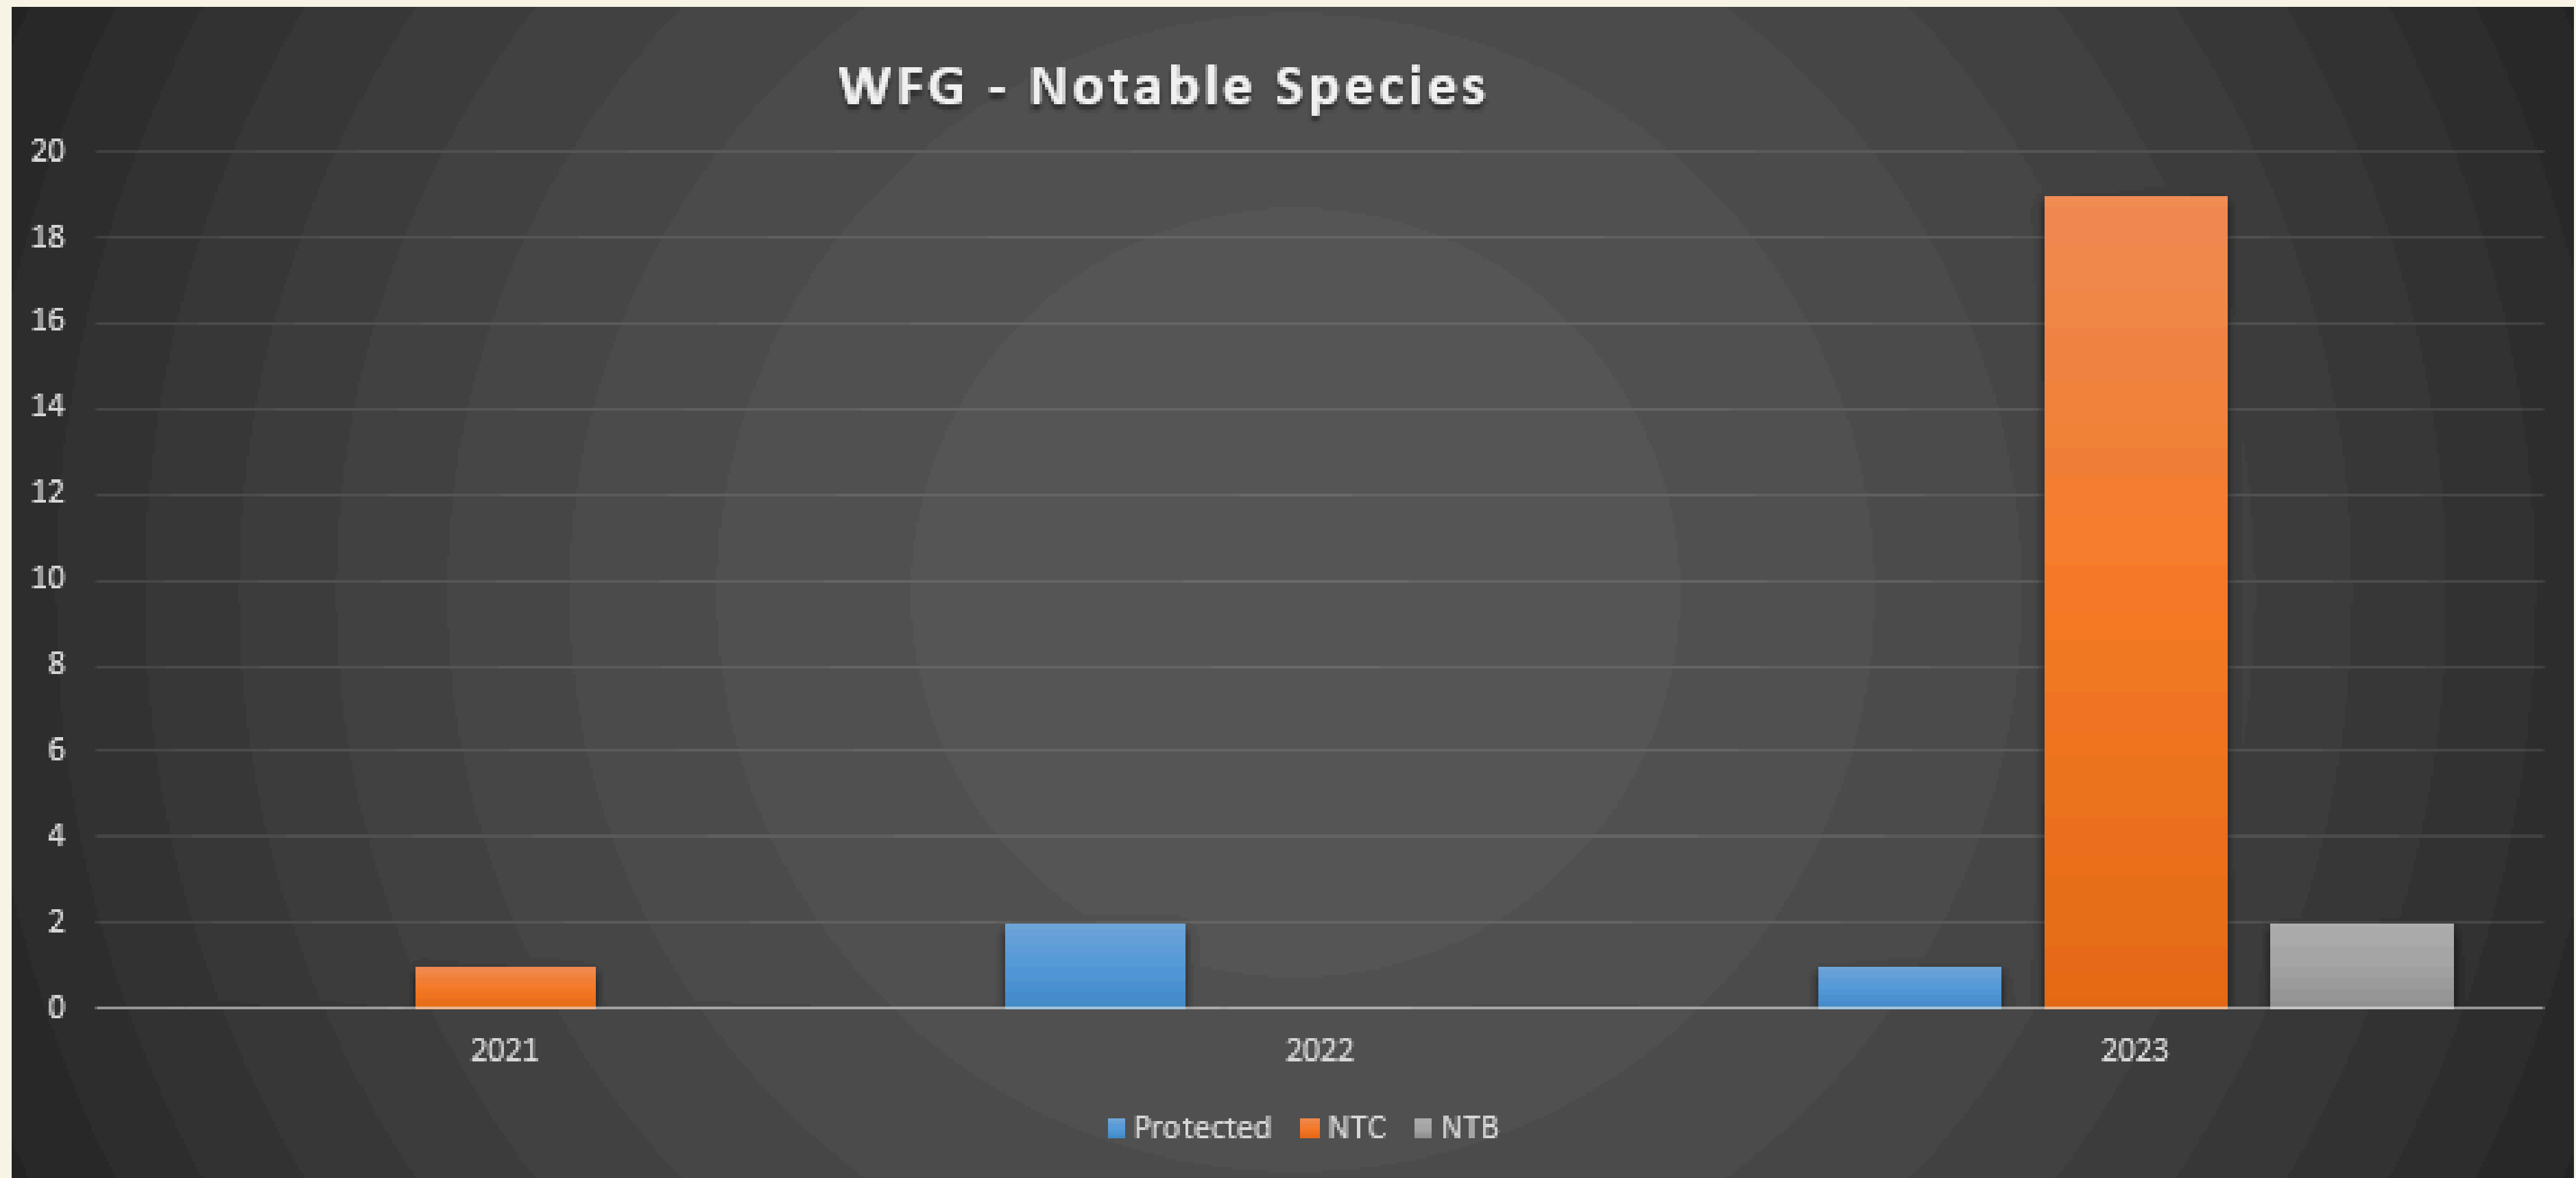

What do we consider as
notable species?

- NTC-NTB
- Protected (WBRC)

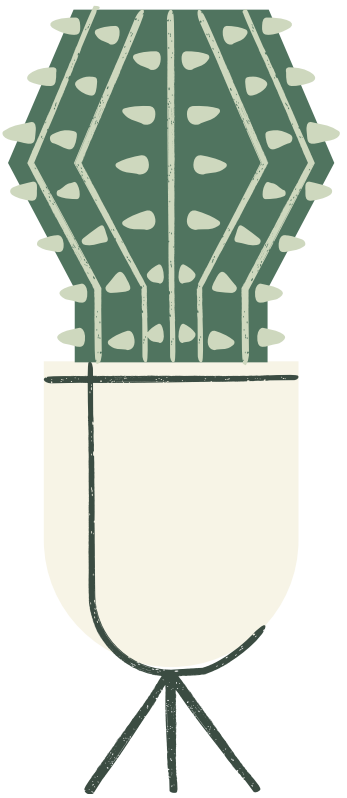

How many did we get in 2023?

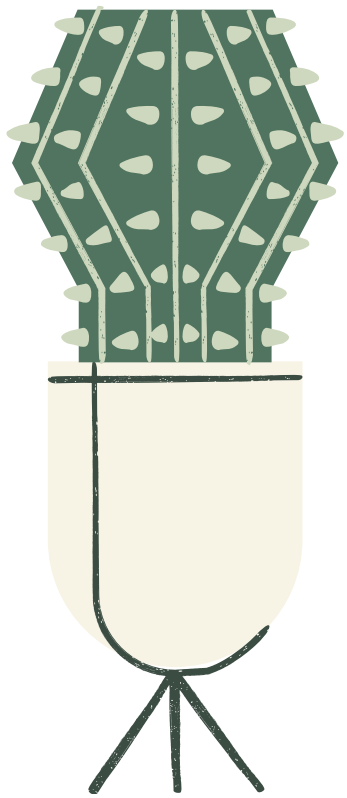

How did we do it?

- ✓ 2023 was a great year for odd Fungi
- ✓ Building a network of people that supply records
- ✓ Microscopy work
- ✓ DNA sequencing

What records did we get?

Gymnopus ocior. Spring Toughshank. Francisco Verenciano & Gary Hillier.
Bubbenhall Wood. 1/5/23. (NewToCounty).

Botrytis paeoniae. Botrytis Blight. Di Napier. Private garden. Banbury
Street. 14/5/23. (NewToCounty).

Gerhardtia cf. borealis. Dave Champion & Fransico Verenciano. Brandon Reach. 21/7/23. (NewToBritain). Sequenced.

Leucocoprinus ianthinus. Di Napier. Indoor plant pot. Banbury Street.
4/8/23. (NewToCounty). Sequenced.

Xerocomus chrysonemus. Goldentread Bolete. Dave Champion & Francisco Verenciano. Piles Coppice. 18/8/23. (NewToCounty). A previous record by DC was also retrospectively added to the database.

Elaphomyces muricatus. Marbled False Truffle. Francisco Verenciano. Tocil Wood. 2/9/23. ("NewToCounty"). There might also be a record by DC.

Gymnopilus dilepis. Magenta Rustgill. Stephen Briggs. Alvecote Wood.
16/9/23. ("NewToCounty") (No official records in databases, although
previously reported by DC & JSW).

Chlorencoelia versiformis. Flea's Ear. Dave Champion. Compton Verney. 24/9/23. (NewToCounty).

24-9-24.

DAVE C

***Simocybe centunculus*. Dingy Twiglet.** Tim Knight & Alex Hampson.
Compton Verney. 24/9/23. (NewToCounty). Sequenced.

Hortiboletus engelii. Francisco Verenciano. Finham Sewage Works.
29/9/23. (NewToCounty). Sequenced.

Agrocybe vervacti. Di Napier. Private garden. Banbury Street. 3/10/23.
(NewToCounty). Sequenced.

Pluteus CN22. Di Napier. St Peter's churchyard. 4/10/23.
(NewToBritain-NewToScience). Sequenced.

Entoloma incarnatofuscences. Di Napier. Private garden. Banbury Street.
6/10/23. (NewToCounty). Sequenced.

Cortinarius geraniolens. Nick Wood. Cuttle Pool. 9/10/23.
(NewToCounty). Sequenced.

Epibryon muscicola. Di Napier. Private garden. Banbury Street.
14/10/23. (NewToCounty)(fouth UK record).

Mycena cicognanii. Warwickshire Fungus Group. Barn End Meadow.
5/11/23. (NewToCounty) (Second UK record). Sequenced.

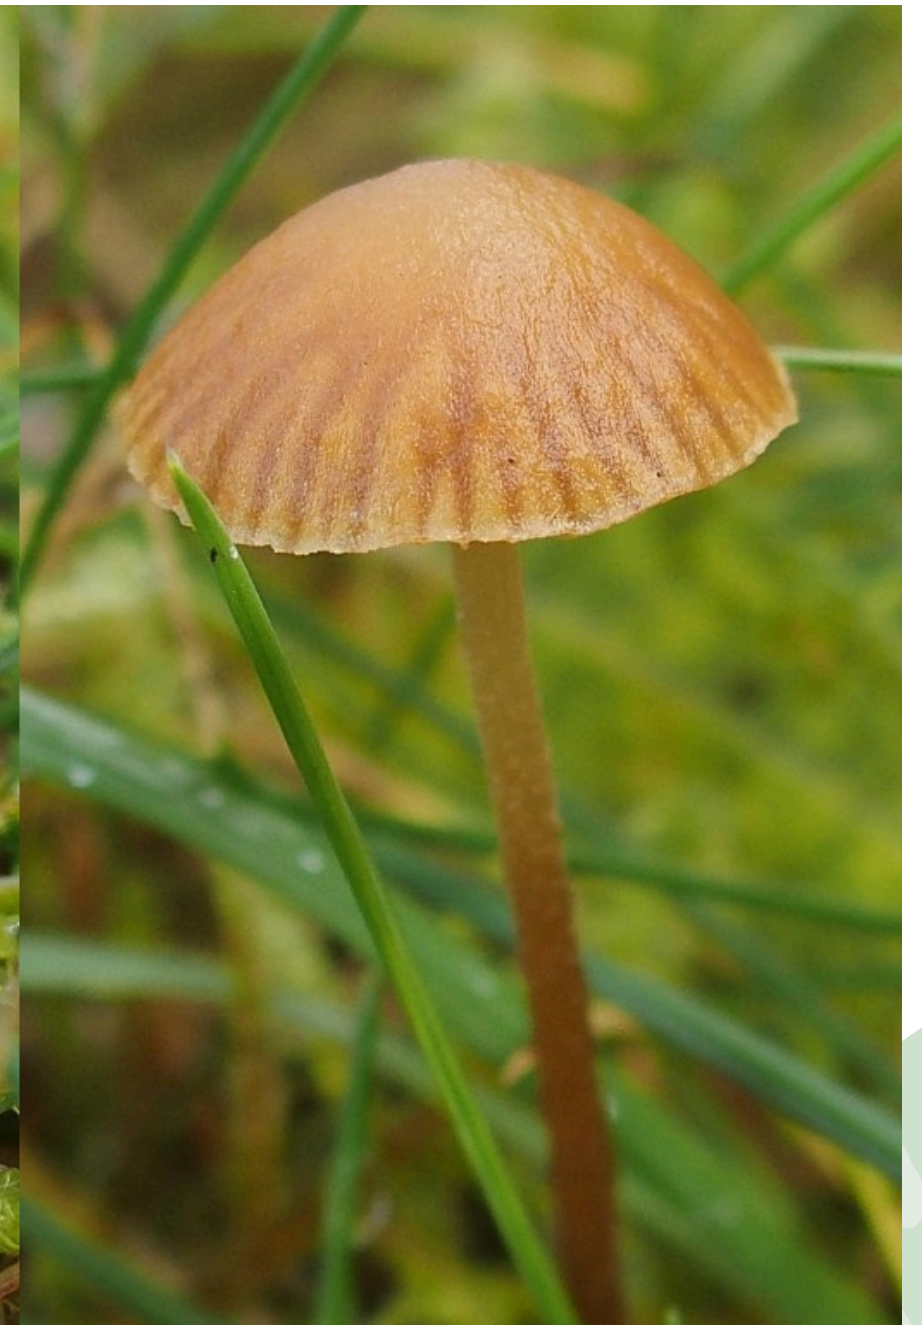

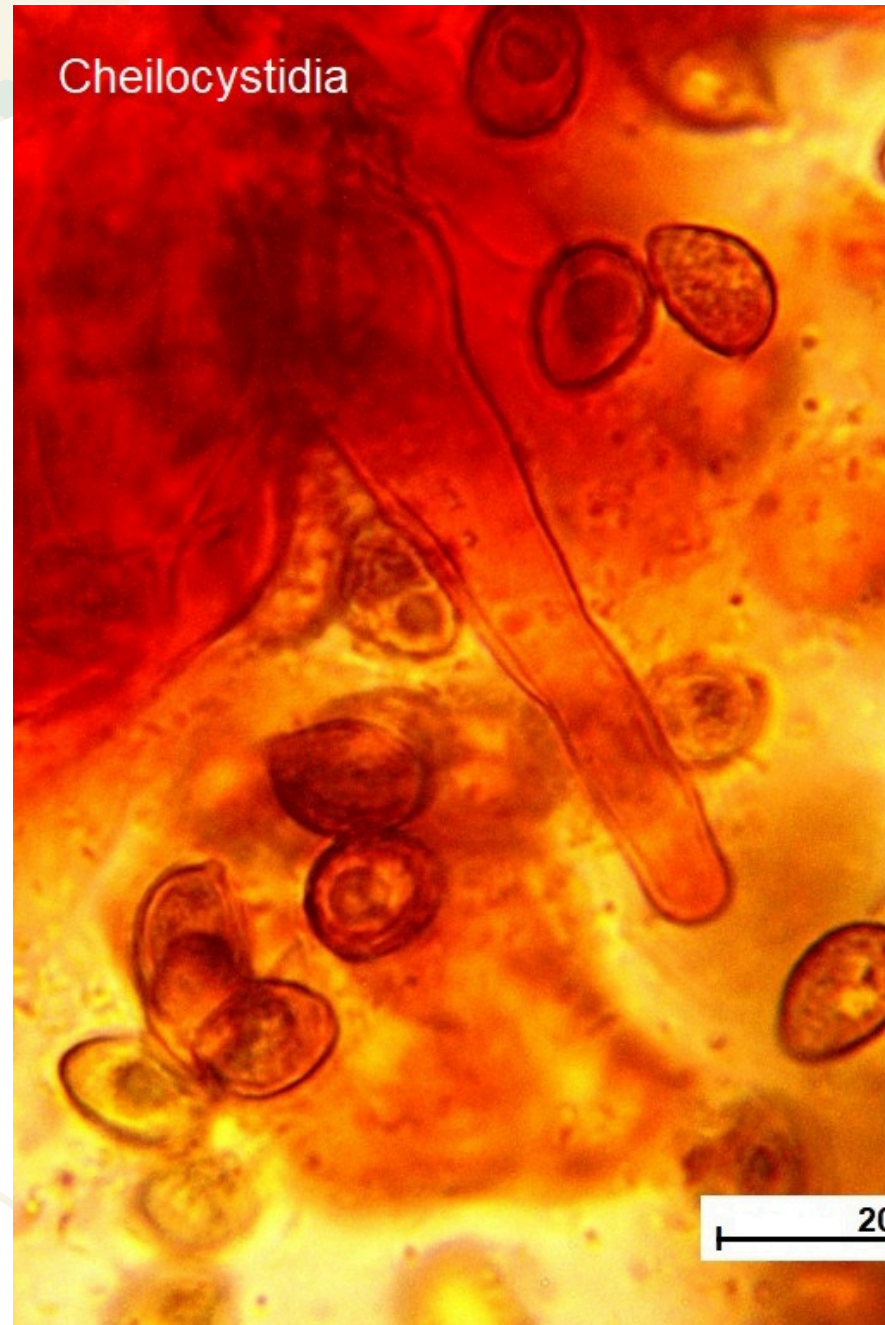

Inocybe gaiana. Warwickshire Fungus Group. Barn End Meadow.
5/11/23. (NewToCounty) (Second UK record). Sequenced.

Cortinarius desertorum. Warwickshire Fungus Group. Barn End Meadow.
5/11/23. (NewToCounty) (Fourth UK record). Sequenced.

Galerina vittiformis. Hairy Leg Bell. Nick Wood. Cuttel Pool. 9/11/23. (NewToCounty). Sequenced.

Hericium coralloides. Coral Tooth. Stuart MacDonald. Newman's Plantation. 18/11/23. (Protected). WBRC notable record.

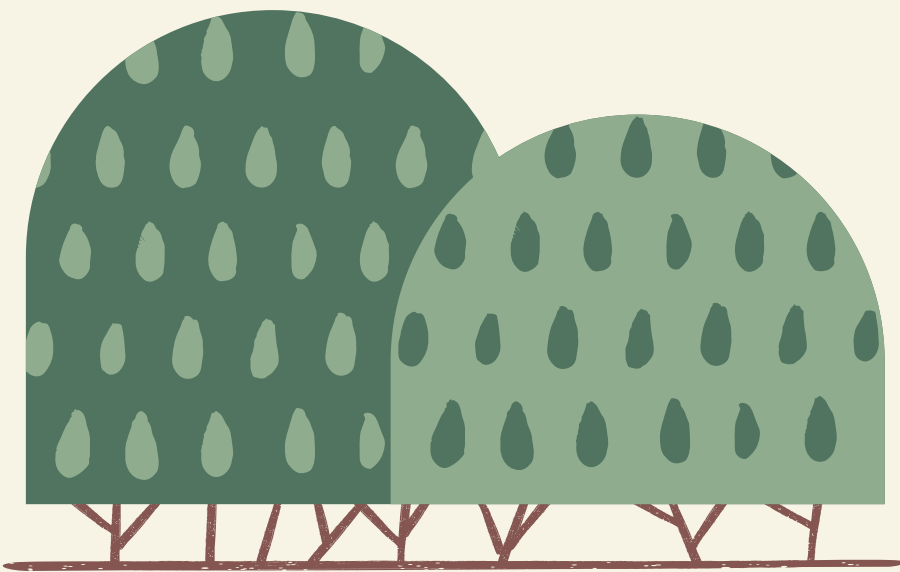

How can you help?

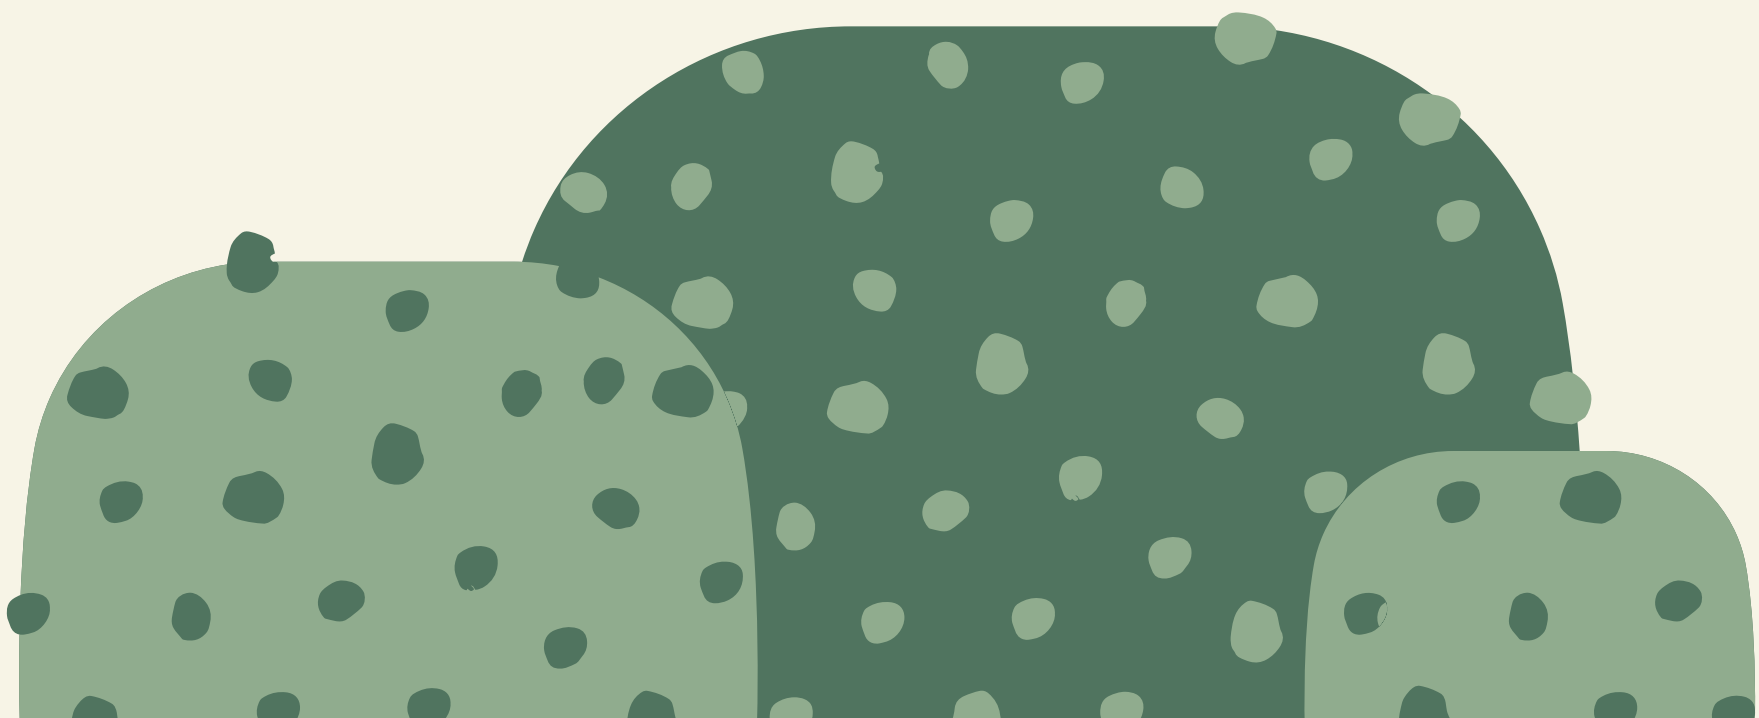

When you go for a stroll

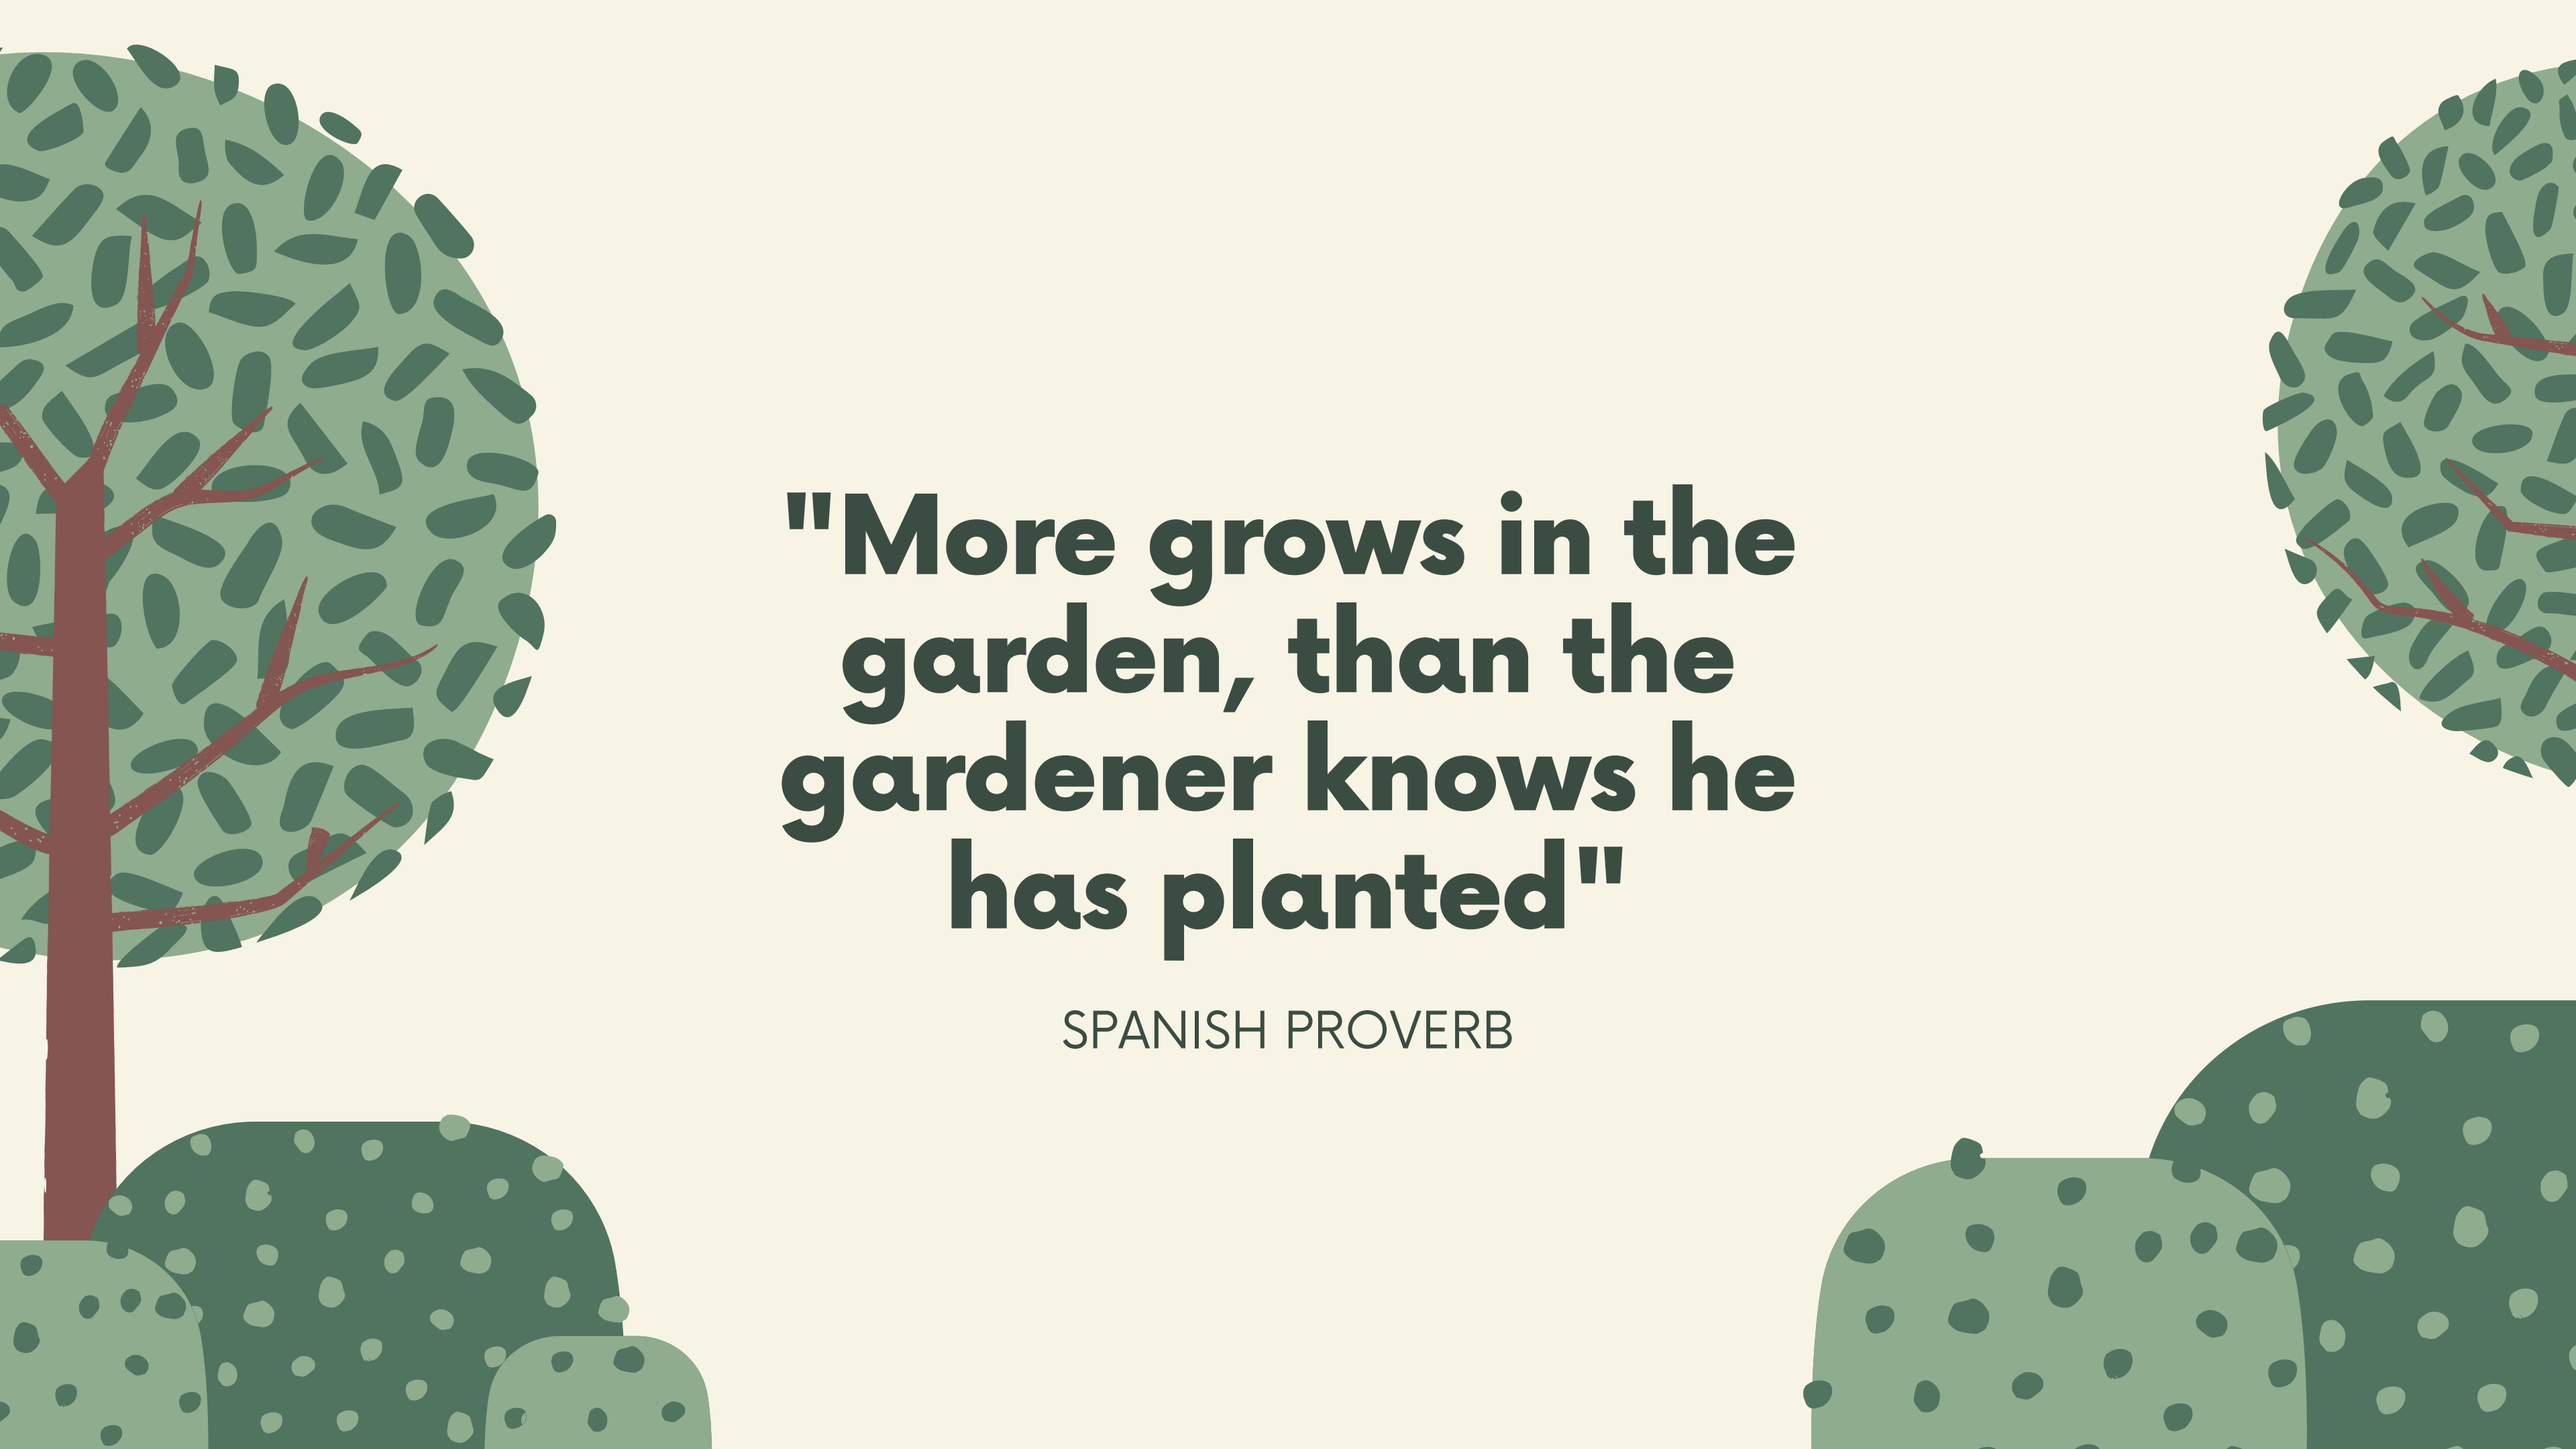

Look for Fungi

You never know what you can find (even
in your garden!)

Q & A

**"More grows in the
garden, than the
gardener knows he
has planted"**
